

**Side by Side Upland Dog Training, LLC
TRAINING AGREEMENT**

Health Care

The dogs in the training program are high quality dogs and it is important each dog be healthy and immunized for your dog's sake as well as the others. Please ask your veterinarian to certify your dog has an up-to-date health record and to provide Side by Side Upland Dog Training with a Certification of Vaccination.

The Veterinarian Certificate must state the dog is free of communicable diseases, has been through the de-worming procedure, has neither internal nor external parasites, and has proof of a negative fecal. The following vaccinations must be current: bordetella, parvovirus, distemper, adenovirus hepatitis, and leptospirosis.

In order to reduce the transfer of fleas & ticks the owner must also ensure their dog is on a monthly flea & tick program.

Any injury or health-related issue the dog might sustain while in training will be the dog owner's financial responsibility. We will attempt to contact the dog owner if it is believed the dog needs to be seen immediately by a veterinarian; however, if we cannot reach the dog's owner we will contact Aumsville Animal Clinic. If they are unable to see the dog, we will then contact an Emergency Vet Clinic.

In order to allow dogs to perform to their fullest ability, Side by Side recommends long-haired dogs be sheared during the summer months.

I, the Dog Owner,

- 1) have read the Health Care Program,
- 2) will provide a Certificate of Vaccination and proof of a negative fecal exam from my veterinarian,
- 3) will maintain a flea & tick program for my dog throughout the training and list the program below,
- 4) will allow Side by Side Upland Dog Training to use their judgement concerning medical care for my dog if they cannot contact me.

My dog is currently on the following flea & tick program. _____

I, the Dog Owner, have read and accept all the above provisions included in this Training Agreement.

Payment Schedule 2024

August 30, 2023

In consideration of payment the Owner will receive dog training from a certified Huntsmith dog trainer. Each session offered by Side by Side Upland Dog Training will consist of daily bird contact (weather permitting), and in most cases movement & whoa situations, and obedience training. The dog will also be introduced to the gun report in an appropriate manner. All birds and training supplies will be provided by Side by Side Upland Dog Training.

We will train dogs from February 15 through July 31 in 2024. There are times we will not train due to holidays or other commitments. Our calendar will be updated with the non-training times in early February. The training program consists of 60 days. Based on several factors: weather, our ability to train, and your ability to bring your dog to training will determine the total number of weeks/months it will take to complete the training of 60 days. We do not board dogs so your ability to deliver your dog to us is a key factor. If you are able, we would like for you to attend most sessions. This enhances the management transfer from us to you.

Pre-payment is required for each 20-day training session.
